

## TESTIMONIALS

### Spiritual Classes

"As director of the Maui Sufi Camp, I and my fellow council members invited Kim to be a presenter for our Spring Renewal Camp in 2013, on the recommendation of a mutual friend. We weren't sure what to expect, and it was a bit of a gamble, but from the moment she arrived we were pleased, and as she began to teach, we were blown away by her wisdom, intelligence, skillfulness and more than that her loving way. I was also privileged to have a personal session with her, one that I will never forget. She will surely be invited back again and again."  
-Lorraine Fletcher, Camp Director

"I wanted to thank you one more time for that amazing class: the whole dyad on God. It was the most brilliant thing, you having us do that. I feel like I have a brand new life! Seriously Kim, all the way home I felt like I was dropping veil after veil after veil, layer after layer after layer of a false story or stories built on a false foundation, and it was the most freeing, delightful, wonderful thing! I then I woke up at 3:30 and couldn't go back to sleep because I felt so energized and so free of trying to work in the world from a foundation that is not the truth. I think that's what felt so wonderful yesterday when I was sharing because it felt like I was free from something that has always been not true for me but I didn't know how to live in a world where it is accepted as true. Thank you, thank you, thank you a million times over!"  
-Jordan Taylor, 3rd year Training

"I really like how I am deepening in the work. I know I wouldn't be able to see and experience all I did without your teaching and mentoring and preparation over these years. Rich and juicy! You were truly wonderful leading us through all the exercises and organizing everything the way you did."  
-Shannon Baker, 3rd year Training

### Meditation Class

"I can't thank you enough for all your exquisite, delicate, precise, and brilliant work and guidance since meeting you, and just how much it and you have meant to me along my journey."  
-Diane Ryon, 1st year student and sessions

"I just wanted to thank you. It's probably one of the best sessions I've had. I got a lot of clarity and am more in alignment with myself again. I so admire your integrity and the way you work."  
-P.N., 3rd year Training

"These sessions with you are like an epic journey, very deep and profound and I just wanted you to know how much I appreciate the work I've done with you. My heart feels so open and I wanted to share that with you. Your work and efforts in your own growth have opened you to truly be a channel for healing for others. You are a precious pearl midwifing others essence to shine! May any obstacles to your continued opening and blossoming be completely removed! May your life force be strong and your joy saturate you with bliss!  
-P.M.

"You are a big bud in the most wondrous garden of life. I am new as a result!"  
- Mary M., 1st year Training

"Hi Kim, it's Jessica. I'm sitting next to Shannon at the Seattle Airport. Oh wow! We just loved the class yesterday, it was so beautiful. And we are calling to thank you for being in Olympia and giving your gifts so amazingly. And that we are looking out the window here at the rainbow across the sky. And Shannon said that she saw rainbows all around you in class yesterday and she said she could hear the rainbow itself. She was just sleeping here and I woke her up and said there's a rainbow in the sky and she said she was just thinking about you. Anyway, we thought we would just pass that along to you and that we really love you and appreciate you and we look forward to our next time together."  
- Jessica and Shannon Ryan, 3rd year Training

"The work that we have engaged in together and that you have so generously, gently, and most lovingly undertaken with me, serving as so vital a trusted guide and teacher. I am filled with compassion and awe...immense and profound. Moment by moment, day by day, week by week, it fortifies me with the awareness that I can and must continue forward along this path to fully becoming me. That true, precious, radiant, powerful and spiritual being that I am, and was created to be long ago."  
-Glenn S.

"To say that Kim Lincoln is a radiant light being is an understatement; she embodies light and love! She is also the epitome of compassion, regal elegance and tapping into the true life force that is alive in you. In other words, she leads you to where the love resides inside, your being. She helped me come out of my hiding place, after years, if not decades of tucking my spirit away due to conditioned suffering. Kim's presence is a true gift to this planet. I am lucky to have met her in this lifetime. The biggest gift about meeting Kim is that you meet yourself. Love is the core of her teachings; we are not separate. Love unites us from the light that is the blueprint of our being and brings sparkle to our souls. Namaste."
